

Improved PVC/KEE HP Cleaner
August 11, 2017

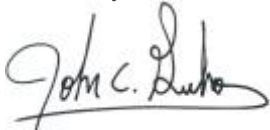

To: Versico Roofing Systems' Authorized Contractors

Versico Roofing Systems is pleased to introduce its improved PVC/KEE HP Membrane Cleaner. This new, more effective cleaner provides enhanced workability, which reduces flash-off time and yields better welds. Ordering information for Versico's newly formulated PVC/KEE HP Membrane Cleaner, including its new product code, is in the table below.

Product Code	New Description	Stocking Location(s)
329729	PVC/KEE HP MEMBRANE CLEANER 5-GAL	C, G, T

If you have any questions, or for more information, please contact your independent sales representative.

Sincerely,

John C. Greko
PVC Product Manager
